NEW LEADERS IN RHEUMATOLOGY BOOTCAMP

Are you looking for “Basic Training” on how to help your doctors run a top-notch medical practice? Are you a new leader with 0-3 years of experience in practice management? If so, join our New Leaders in Rheumatology Bootcamp designed just for you. During this one-day, intensive course we will expose you to the basic topics and key benchmarks that you need to know! You will network with a group of people like you and meet a cohort of instructors who have been in your shoes and can help. The Bootcamp is a pre-conference activity scheduled for Thursday, October 7, 2021 and is open only to those attending the 2021 NORM Annual Conference. Each participant will receive a Certificate of Completion at the end of the course. Space is limited to 25 participants. You can register when you register for the conference.

THE HEAT IS ON RHEUMATOLOGY! COME TO THE NORM OASIS

In this COVID world, all bets are off! We’ve been operating at a fever pitch to adapt and keep our practices viable and our people safe. But, even beyond COVID, our “business as usual” strategy is under attack. Increasingly every year, we put out more fires caused by new mandates and restrictions from Medicare, commercial payors, and government agencies. The business models on which we relied in the 2000s and 2010s may not be optimal for this decade and beyond.

The Heat is on Rheumatology!

As we consider what the future may hold for our medical practices, the National Organization of Rheumatology Management (NORM) invites you to join us at our oasis where we’ll examine hot trends in business strategy and compliance.

We will jump right into the fire with a session on value-based payment models which are geared to allow for rheumatologists and payors to blaze partnerships. We will address the burning need for additional providers in Rheumatology, and the role Physician Assistants and Nurse Practitioners can play in our practices.

With drastic increases to cost sharing and decreases in access, patients are demanding more and expecting results immediately. Join us for ways to channel their fiery energy into advocacy with sessions on resisting specialty pharmacy mandates and involving the patients as advocates. Additionally, we will kindle ways to improve your leadership, give you tips for stoking your skills in documenting and warning employees, address how to de-escalate hotheads in the practice, as well as how to tamp down on the intensity of managing a hyper-sensitive employee.

We will wrap up our year-long steady burn of compliance webinars and will address those eternal flame topics like billing for ancillaries and Incident-To compliance. Also, we will hear from our new NORM Executive Director, Andrea Zlatkus, on the latest in biologic access in a high deductible world. Our final topic will look at the red-hot world of social media and its use in the health profession.

As always, while spending ample time thinking and learning, we leave many opportunities to “gather round the campfire” with our friends, colleagues, and industry partners. You can look forward to good food, good fellowship, and great giveaways!

Lastly, while we are focusing on a vibrant and enjoyable in-person conference, we will also offer a basic virtual option for those NORM members who are unable to travel.

Please join us in October as we escape the metaphorical heat and plan our pathways to positive patient outcomes and practice prosperity. Come to the NORM Oasis!
